Chennai, IN • prakashs0553@gmail.com • [+91 9150956310](tel:+919150956310) • [LinkedIn](#) • [GitHub](#)

Education

Vel Tech Multi Tech Dr.Rangarajan Dr.Sakunthala Engineering College
B.Tech - Information Technology, CGPA-7.30

Tamil Nadu, IN
2025

Sri Venkateswara Matriculation Higher Secondary School

Higher Secondary Certificate 71.66%

Tamil Nadu, IN
2021

Technical Skills

HTML, CSS, Javascript, AWS, GitHub, SQL, React, Node.js, Hosting.

Projects

Gastric Cancer Detection using Deep Learning

- Developed a deep learning-based web application using ResNet-50 (CNN) to analyze endoscopic images and predict gastric cancer.
- Processed medical imaging data and fine-tuned the model to improve accuracy and reliability, while building a user-friendly system for early disease detection to support doctors' decisions.
- Shortlisted for the **FAER Scholar Program Award (2024–2025)**, to be held in **Bangalore**.

Heart Disease Prediction using Web Application

- Designed and developed a web application that allows users to input medical data and receive heart disease predictions based on machine learning analysis.
- Utilized a machine learning model trained on medical datasets to analyze inputs like age, cholesterol levels, and blood pressure, providing real-time risk assessments.
- Implemented a user-friendly interface for seamless data entry and integrated a robust backend to process predictions efficiently.

Internships

IT Support & Project Management Intern
Yoho Technologies

Chennai, IN
Aug 2025-OCT 2025

- Assisted in preparing key project documentation including BRD, FRD, and FSD.
- Supported project management activities by tracking progress and coordinating with development and design teams.
- Collaborated with the UI/UX team to streamline workflow and design handoffs.
- Gained hands-on experience in MERN Stack and Expo app development.
- Utilized GitHub for version control and effective team collaboration.
- Focused on bridging technical and functional requirements to ensure smooth project execution.

Eagle Tech Talent Solutions

Chennai, IN
July 2023- July 2023

- Gained hands-on experience in Node .js by developing basic APIs and working with databases to handle data storage and retrieval.
- Learned fundamental concepts of backend development, including handling user requests, processing data, and ensuring smooth communication between the server and database.

Certifications

Full Stack Development Python - Full Stack Developer with hands-on experience in designing, developing and deploying web applications using Python, Django, HTML/CSS.

Completed AWS Training - Certification focused on Amazon S3 services, gaining expertise in configuring secure storage, optimizing data access, implementing lifecycle policies, and integrating S3 with other AWS solutions for scalable cloud applications.
